

City of Deerfield Beach

"The Community minded spirit with which your team approached each project is reflected in every design and presentation."

-Larry Deetjen,
City Manager

September 13, 2001

Ms. Tamara Peacock
The Tamara Peacock Company
301 East Las Olas Boulevard – Suite 210
Fort Lauderdale, Florida 33301

Dear Tamara:

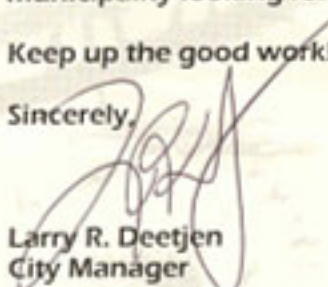

In light of recent world events, our need for the Mitigation Operation Center is never more apparent. I want to take this opportunity to thank you for the advance work you and your staff, particularly Danielle O'Melia, have done to move the project forward. The research and programming performed to establish the budget and build a consensus of priorities far exceeded our expectations.

THE MOC Center, the Public Works facility, the A1A corridor redevelopment project and the Centennial Municipal Fountain (for which you graciously volunteered!) are all integral parts of our City Visioning Plan. The community minded spirit with which your team approached each project is reflected in every design and presentation.

It is my pleasure to recommend the Tamara Peacock Company to any municipality looking for a visionary architect.

Keep up the good work!

Sincerely,

Larry R. Deetjen
City Manager
